ABOUT US

The company was founded in 2004 by a team of enthusiastic IT specialists who wanted to overcome the routine and create a company that would act in the market not only for business success but for the sake of Technology itself.

Over 13 years of work, we have developed a range of solutions and gained ample experience in the services we offer: online web based ERP solution, Custom Software, E-commerce Solutions, web development, Legacy Applications Reconstruction, Consulting and Quality Assurance.

The mission of the company was defined – to contribute to forward-looking transformation of the society through software development.

WHY HR SYSTEM?

After extensive research & development in the different industries our team has started working on the development of comprehensive cloud-based ERP system which should have the essential components that would be fulfilling the requirements of the industries in business automation.

Since HR & PAYROLL SYSTEM conception, we have been able to cater all size of companies for their business process automation. HR & PAYROLL SYSTEM has user friendly interface with detailed backend development which eventually makes ease of work and full understanding of the integrated modules for the employees and business owners.

HR & PAYROLL SYSTEM can make it easier and faster for your team to work and monitor the business activities anywhere from the world and this may include everything to get customized reports based on metrics and trends.

The ability to have access to these reports quickly enables you and your team to make better decisions more quickly.
